PLEASE TAKE FURTHER NOTICE that each counterparty to an Assigned Contract set forth in the Proposed Assumed Contracts Schedule shall have until **May 1, 2020 at 11:59 p.m.** to object on the grounds that its 365 Contract is not assignable under the Bankruptcy Code or object to the ability of the Buyer to provide adequate assurance of future performance (an “**Adequate Assurance Objection**”), which objection must (a) be in writing, (b) comply with the Bankruptcy Code, Bankruptcy Rules, and Local Rules, (c) state, with specificity, the legal and factual bases thereof, (d) be filed with the Court and be served on (i) counsel to the Debtors, (A) Davis Polk & Wardwell LLP, 450 Lexington Avenue, New York, New York 10017, Attn: Brian M. 2800, Chicago, Illinois 60611, Attn: James Ktsanes, and (v) the U.S. Trustee (the “**Objection Notice Parties**”).

PLEASE TAKE FURTHER NOTICE that the Debtors (in consultation with the Consultation Parties), the Buyer, and the applicable counterparty to an Assigned Contract may resolve all Contract Objections (including Adequate Assurance Objections) by stipulation to be presented to the Court under certification of counsel. If the Debtors (in consultation with the Consultation Parties), the Buyer, and the applicable counterparty to an Assigned Contract are unable to resolve a Contract Objection, the Debtors shall schedule the matter for a hearing before the Court to be held on the next regularly scheduled hearing date or such other date that is agreeable to Debtors, the Buyer, and the applicable counterparty to the Assigned Contract.

PLEASE TAKE FURTHER NOTICE that if no Contract Objection is, or is deemed to be, timely filed with respect to a particular Assigned Contract, the Debtors may submit an order to the Court seeking assumption and assignment of such Assigned Contract under certification of counsel.

Modification of Proposed Assumed Contracts Schedule

This notice is being sent to you because the Buyer may elect to take assignment of the 365 Contract(s) to which you are party. At the Closing, the Buyer will decide if your 365 Contract is (a) an Assigned Contract (which means the Buyer will take assignment at the Closing and the Buyer and Debtors shall pay the Cure Cost, in each case as apportioned under Section 8.12 of the APA), (b) a Designation Rights Contract (which means the Buyer may elect to designate it an Assigned Contract post-Closing, and upon such designation the Buyer will take assignment and the Buyer and Debtors shall pay the Cure Cost, in each case as apportioned under Section 8.12 of the APA), or (c) neither an Assigned Contract nor Designation Rights Contract (which means Buyer will not be taking assignment of such 365 Contract).

If the Debtors or the Buyer identifies during the pendency of the Chapter 11 Cases (before the Closing) any contract or lease that is not listed on the Proposed Assumed Contracts Schedule, and such contract or lease has not been rejected by the Debtors, the Buyer may in its sole and absolute discretion elect by written notice to the Debtors to treat such contract or lease as an Assigned Contract, so long as the Buyer is paying the Cure Costs therefor (to the extent required under Section 8.12 of the APA), and the Debtors shall seek to assume and assign such Assigned Contract in accordance with the supplemental procedures set forth below.

The Debtors reserve the right, at any time before the Closing, to modify the previously-stated Cure Costs associated with any Assigned Contract, with the consent of the Buyer and subject to the supplemental notice requirements set forth below.

In the event that any contract or lease is added to the Proposed Assumed Contracts Schedule and is deemed an Assigned Contract, or previously-stated Cure Costs are modified, the Debtors will promptly file and serve a supplemental assumption and assignment notice on the applicable counterparty (each, a “**Supplemental Assumption and Assignment Notice**”), and otherwise timely notify the Consultation Parties. Each Supplemental Assumption and Assignment Notice will include the same information with respect to the applicable Assigned Contract as is

required to be included in the Potential Assumed Contracts Schedule and the Proposed Assumption and Assignment Notice.

Any counterparty listed on a Supplemental Assumption and Assignment Notice whose Assigned Contract is proposed to be assumed and assigned may object to the proposed assumption or assignment of its Assigned Contract, the Debtors' proposed Cure Costs (to the extent modified from the previously-stated amount in the Potential Assumed Contracts Schedule), or the ability of the Buyer to provide adequate assurance of future performance (a "**Supplemental Assumption and Assignment Objection**"). All Supplemental Assumption and Assignment Objections must (a) be in writing, (b) comply with the Bankruptcy Code, Bankruptcy Rules, and Local Rules, (c) state, with specificity, the legal and factual bases thereof, including, if applicable, the Cure Costs the counterparty believes is required to cure defaults under the relevant Assigned Contract, and (d) no later than seven days from the date of filing of such Supplemental Assumption and Assignment Notice, (i) be filed with the Court and (ii) be served on the Objection Notice Parties. Each Supplemental Assumption and Assignment Objection, if any, shall be resolved in the same manner as a Contract Objection.
